

Rohan Kumar Mohanta

+91 8260●●●● | rohan.email.now@gmail.com | Mayurbhanj, Odisha

Experience

NextTech Lab | Vijaywada, Andhra Pradesh
Associate | 10/2024 - Present

- Blockchain Developer in Satoshi Lab, NTL.
- Developed multiple Decentralised and Web applications like [d-PIN](#), [Token transfer](#) and [Decentralized Twitter](#).
- Contributing to many team-based Web3 Development Projects in the Lab.

Skills

Skilled in HTML, CSS, JavaScript, TypeScript, React.js, Linux, Python, C, Node.js, Smart Contracts, and Solidity

Education

SRM University AP | Amaravati, Andhra Pradesh
B.Tech CSE | 04/2028

Secured 3rd Place (\$400 AUD) at Secure-X Hackathon Conducted by BSI Learning (Australia) and SRMAP.

Vikas Residential School | Bhubaneswar, Odisha
High School CBSE | 03/2024

Pursued a Science curriculum with a focus on Physics, Chemistry, and Mathematics.

Projects

- [d-PIN](#) – A **decentralized website monitoring system** leveraging **Decentralized Public Infrastructure Network** to ensure **trustless uptime verification, real-time alerts, and transparency** without relying on centralized authorities. Crossed over 250K impressions on LinkedIn under a week.
- [UpResume](#) – Developed an ATS-friendly AI-powered resume builder using TypeScript, designed to optimize resume content for automated tracking systems.
- [WebCyphr](#) – Created a web extension that safeguards your browsing by detecting potential threats and phishing websites **real time** while offering a unique password generator for enhanced security.
- [Sendwich-files-transfer](#) – Contributed to an internal hackathon project focused on developing **secure file transfer** solutions (October, 24).
- [Twitter DApp](#) - Built a Web3 clone of twitter using Solidity, HTML CSS JS. Anyone can tweet using thier wallet address.
- [NFT Minter](#) - Created a NFT you can mint into your wallet address.
- [Blue Shield Initiative](#) – Developed an educational website raising awareness about ozone layer depletion, featuring a **carbon footprint calculator**, interactive guides, and actionable solutions like energy conservation.
